#### Physical Valuation Water Co. (From the Los Angeles Financial News.)

In the first physical valuation case of like nature decided by the State Railroad Commission, the commission holds that the city of Eureka must pay \$270,-000 to acquire the Eureka Water Company, Of this amount \$25,000 was agreed on by both sides as the worth of the water rights and the remainder of the purchase price is for plant and property. In handing down its opinion the commission laid down two important principles which will govern similar cases

First, segregated parcels of land are to be valued only at their worth for the purpose to which they have been put. That is to say, a plot of ground occupied by a water company for a pumping station, is worth its value to the company for a pumping station, not what it might fetch as a residence site.

Second, the distance of the next nearest water source shall have no part in determining the price of the water company being valued.

"We are convinced from the facts in the case, as well as facts in many other cases that have come to the attention of the commission, that if the financial history of utilities in the United States could be written, it would be found that a great deal of their present property values have been secured from their rates in addition to proper earnings, and not from such proper earnings; and this conclusion is not met by a showing that dividends have not been paid upon stock, because the investment of net earnings excessive in amount in utility properties and the gradual increase in the value of their stocks is just much an earning to the owners of such stock as though dividends were declared, and the payment of interest on bond issues and the payment of bond issues ultimately from the rates, of course, brings about a like result."

# OFFFENSIVE SONG IS

not sung at Clune's Theater last night. The song was sung twice, once Monday night and once Tuesday night, but last night it had a substitute. A member of the Censor Commission busine

called the attention of Manager Russell to the complaint and showed him the communication printed in the Reg-The matter had not been brought to the commission's attention

"I do not want anything in pictures

one," said Manager Russell. "Several hundred people heard the song, and no complaint against it was made to me, and I cannot think it was as bad or as offensive as Mr. Revill has pictured. However, that is neither here nor there. If Mr. Revill had told me as he went out of the theater Monday evening that the song was offensive, I should have deferred to his judgment, and the song would not have been sung again in my theater. It was not have been sung again to my theater. It was not now Wednesday that I have well just now. Wednesday, that I have received this first complaint. The song

"I would like to take this occasion

out whole acts, and made many an DITCHED BY MANAGER stuff, because I did not lik it for production at my theater. I have taken off films after their first appearance. Last week I made a girl leave ance. Last week I made a girl leave out a song. She wanted to know why, and I told her it would not do for this theater and that she had to cut it out, and she did. am far more critical of what is shown at Clune's than the Censor Commission can possibly be under its ordi-

"I am glad to hear criticisms business is pleasing the people. I want to know what they like and what they dislike. I am in Santa Ana to stay, and I want to know what Santa Ana patrons want. How better than for my patrons to tell me what they until the communication appeared.

Manager Russell immediately stated hot promise to take off anything and that the song would not be given everything that any person who comes along might object to. I can't do that, for after all, this is a theater, and some people would object to anything in the theatrical line, but I want to run a show-house acceptable to the people who go there for clean enter-

to say that it is my desire to run a Anaheim Gazette: Uprooting a clean theater. Most certainly I do postoffice after it has been establish-Anaheim Gazette: Uprooting not want to put offensive acts on my ed on a certain site long enough to However, they have to go on become a landmark and transplant fore I can know in a detailed ing it elsewhere is not an easy matand can only be accomplished when it is shown that the service is bene-fited thereby. The Anaheim postoffice has been conducted in its present quarters many years but it is within the bounds of possibility that and the new postmaster begin his administration in a new location.

The increase in the business of the office during the past few years and the extension of the service with the consequent erlargement of the force has cramped the present quarters and enlargement has become a necessity. Months ago plans for Shippensburg, Pa.—"It was several overhauling the structure, building years ago that I started taking Lydia E. an addition on the rear and making Pinkham's Vegeta- it commensurate with needs were drawn and should the ofice remain where it is the improvements will immediately be made. Mr. Dickel, owner of the building, has submitted a bid for renewal of the lease and will reconstruct the room to meet the growing demands for ore space should his bid be accept-

> Another proposition, however, has which may result in the removal of the office to other quarters. Mrs. McLaughlin, owner of the vacant grounds at the corner of Center and Emily streets, opposite the city hall, has submitted a proposal which will receive the consideration of the powers, perhaps. Mrs. through her agent, Stephen Kistler, offers to erect a suitable building on the corner and construct it in conformity with the requirements of the business. The call for bids requires

It is not probable that the postal authorities will accept either of the two offers without making a thorough investigation and obtaining the sentiment of the patrons of the office respecting the two sites, consequent ly a warm contest may develop. Persons doing business west of Los An geles street will naturally desire to If you have the slightest doubt that Lydia E. Pinkham's Vegeta- effort will probably be made to remove it in case the proposition is submitted to a decision of the people

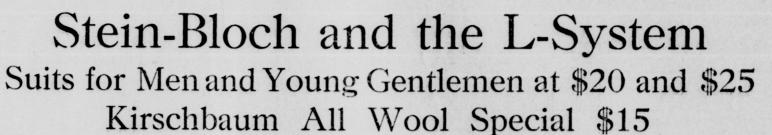

Anaheim Herald: The regular meeting of the official board of the first Methodist Episcopal church was eld last evening in the pastor's study The reports from the treasurer and ivelope secretary showed a remarkable improvement compared with the same time last year. When the subscriptions now due are all paid in all bills will be met and a substantial balance left in the treasury.

The pastor reported four received on probation, eighteen received into full membership on profession of faith and eight received by certificate. Nearly 200 have been received into church in the last eighteen

Insurancely yours, Ben E Turner.

O be faultlessly attired at Easter-tide is the ambition of every up-to-date young man. No one wants to "keep to the back trail" in

the matter of dress when it is possible to head the procession; no one cares to "hide his light under a bushel" when he can just as easily "shine resplendently" in the front ranks. We offer three unmatchable values:

are pace-makers, fashion starters and personality builders. The style, character and individuality, which are striking characteristics of the above clothes, make them the most widely sought clothes in America today. You can slip on one of these suits and sally forth on Easter Sunday, safe in the assurance that you are better dressed than many, and as well dressed as any man or young man in Santa Ana

### Has Been Declared!

### The First Gun Was Fired April 1

when two of our credit grocery store proprietors decided that the cash system was the only system, and all they had to do was to tell their customers it would be cash after April 1st, 1914, and how they would save them 15 to 30 per cent. The next thing was to get one of Miles' advertisements and see how much to charge on a cash basis. Then another old time cash basket free delivery man decided he would have to take off his free delivery system in order to meet all comers, as things were liable to get pretty warm before the summer was over, and he put on a ten days sale, the like of which he never did before and he figured right down just as low as Miles sells every day. Then comes the man who says he is the original Cash Grocer and ought to have all the credit for putting down the prices and holding them down. But he don't say who it is that has been holding him down. You know one cash grocer in a town don't cut so much ice, he just gets under the credit stores enough to get his share of the busines. It's when the second cash man gets in and wants his share, then you get the real cash prices and down they go to the bottom. Now the two new cash grocers are just going to let Miles make the prices and do the advertising and they will follow along and match and in that way will learn the cash system. Now people like to deal where they get the prices at first hand. Consequently they go to Miles. Quality guaranteed.

### HARBOR CITY The Coming Industrial Center

Large Business Lots, 50x150 Feet, for \$400 Up. Half Acre Tracts for \$700 and Up at Harbor City.

HARBOR CITY is two miles from San Pedro and Los Angeles Harbor. HAR-BOR CITY is only two miles from Torrance, where there is now over a thousand people employed by big manufacturing companies and is two miles further from water than HARBOR CITY. HARBOR CITY is only two miles from Wilmington. Look, these three towns are on three sides of HARBOR CITY. They must grow towards HARBOR CITY. HARBOR CITY has everything that a city needs, and a prettier view and location can't be seen. HARBOR CITY is two miles from a good oil district. Let me tell you about HARBOR CITY. Terms 10 per cent down and \$10 a month.

There are new about 3000 vessels stopping at San Pedro, Wilmington and Los Angeles Harbors. What will it be when the Panama Canal is opened up? That means they will have to dredge Bixby Slough clear up to HARBOR CITY. Then your dollars would be worth a thousand for each hundred you invest now. Don't let this chance slip by-the chance of your life time. I run no excursions to HARBOR CITY. It will cost only \$1.00 round trip to HARBOR CITY and return to Santa Ana. People will not hold back for the sake of a dollar. Some of you may say that other real estate firms will give you a free trip. Please bear this in mind: Those real estate firms that run a free excursion add from \$25 to \$100 a lot to their prices of property, in order to pay the cost of about \$150 or more for two cars. With 100 people, more or less, not more than 5 or 10 of them buy. The answer is that the few who do buy have to pay that \$25 or \$100 extra per lot to pay for all the other free rides.

Why not pay only \$1.00 and go with me for a nice pleasant ride and see HARBOR CITY, where you can get property just as good, if not better, with a prettier home spot and save that \$25 or \$100 a lot?

If HARBOR CITY is not as I represented it to be I will return your dollar, and if you buy I will return it anyway.

If you are interested, you may send me your address and I will call and tell you about HARBOR CITY. Please show this to YOUR friends and have them show it to THEIR friends.

All the talk against Governor Johnson about a political machine is utterly absurd. The men who lead and work in the campaigns of the Progressives are not office holders but are men and women in all parts of the state who are actuated by ideals of

#### "SAFETY FIRST" IN MINES

Mr. Hugh Wolflin, one of the most experienced mining engineers in the United States Bureau of Mines, has been engaged by the State Industrial Accident Commission to assist in its work of safeguarding the life and nia. He is at present engaged in a tour of investigation of conditions in the mines of San Bernardino, Kern, San Diego and Inyo counties for the purpose of conferring with the mine operators regarding ventilation, first aid to the injured, and safety appliances.

lin's services have been se cured with the consent of the federal government, and he will visit every mining district of the state for the above purposes. Proper ventilation and measures to prevent accidents will be thoroughly explained to the employers and employees, and first aid to the injured, which has never been given any consideration in many of the larger mines of California, will also be dealt with.

One of the seven exhibit cars, which the United States Bureau of Mines keeps moving about the country to teach "Safety First" to both employers and workmen, will probably be brought to California and sent into each mining district.

This is but one of the many things which are being done under the Workmen's Compensation Act for the purpose of lessening the dangers in the industries of California.

#### THE HAT-PIN MENACE

Everyone knows that a hat-pin point protruding several inches beyoud the brim of a woman's hat is a source of danger to anyone in close proximity to the wearer of the pin. Probably no one sees the more serious consequences so frequently as the eye specialist. Sometimes the injury consists of a mere scratch, which heals readily and leaves no permanent defect. On the other hand, every now and then the scratch becomes infected and serious impairment of sight, if not actual loss of the

One who has seen these bad results is forever alarmed for himself and others when he sees a protruding hatpin point in a crowded car or theater lobby or wherever people are closely

It ought not to be necessary to pass laws to prevent such accidents, but as the number of such cases does not decrease it would seem to be desirable to make the wearing of shorter hat-pins obligatory. There are devices on the market for covering and protecting the end of a hat-pin which are effective and inexpensive. Any jeweler can shorten a long hat-pin in a few minutes and at a cost of a few cents, and thereby, perhaps, save a

#### CAL. PAPERS N. B. There is a new spirit in politics

the spirit of decency. Ewing Herbert,

who runs a Republican paper in Hiawatha, Kansas, has notified the Progressives, that so long as they have no paper in Brown county, they can print whatever news or announcements they have, which Republicans could print free, at the same rate and on the same terms in his paper, the Hiawatha World. Arthur Capper, Republican candidate for governor in Kansas, has consistently opened his pages to the Progressives for news An example of the Johnson admin- and announcements and to their ofpartisan is passing. There is good in

MISSION SOCIETY

ing in Philadelphia

Haas, president Buena Park Parent-devotional service Mrs. C. C. Collins are ad a very interesting paper on "The New Immigrant—Roman Catholic The lecture followed a supper of chairmen of committees of chairmen of committees.

As the Women's Presbyterial had met last week in San Diego, the delegates gave reports as follows:

Mrs. Tidball, Miss Minnie Cowan, Mrs. Sarah Finley, Mrs. Steele Finley, Mrs. Ord by having a delegate to the General Presbyterial Society to held in Philadelphia, Pa., May 14.

Miss Sarah Finley is the delegate. Mrs. J. G. Kennedy and Mrs. D. L. Anderson were on the program, having a part in a debate.

This was one of the successful monthly suppers served by two of the Sunday school classes of the church.

Dr. Dowling, who lives in Pasadena, is a well-known humerist.

Two much appreciated piano solos were given by Mrs. Hewitt previous to the lecture.

Dr. Dowling said that this is an age of problems, as it dies at the root of all others. If it was not for boys taking the place of criminals, there would soon be no more criminity suppers served by two of the Sunday school classes of the church.

Dr. Dowling who lives in Pasadena, School children; address, "Campfire Girls," Miss Maude Jones, Santa Ana; round table, social economics, were given by Mrs. Hewitt previous to the lecture.

Dr. Dowling said that this is an age of problems, as it dies at the root of all others. If it was not for boys taking the place of criminals, there would soon be no more criminals, there would soon be no more criminals.

Anderson were on the program, having a part in a debate.

The following committees were appointed for the year: Reception—Chairman, Mrs. J. G. Kennedy. Social—First division, Mrs. J. E. Kellogg; second division, Mrs. J. E. Kellogg; second division, Mrs. J. T. Raitt. Decorating—Mrs. John McFadden. Visiting—Mrs. W. H. Stevenson, Mrs. W. H. Stevenson, M

Congregational Church.

The Praise Leader for the year is Miss Roseline Kellogg. Reporter is Mrs. Lea Warren. A splendid report was given by Mrs. W. H. Stevenson, secretary of the Ladies' Aid Society, which showed that the ladies had done a large amount of work during the year.

Including the said that a blockhead is merely a gen'us who has not discovered his genius."

Patrick Henry and Daniel Webster were cited as instances of unpremising and lazy youthfulness. At least, they were considered lazy. In reality they had tremendous energy along the beautiful story of Ruth. Plans were made for installation of officers of the classes to take place Sunday morning, April 19, Rev. J. A. Stevenson conducting the ceremony.

the hostesses served cake and coffee.

They were assisted in serving by Misses Lois and Ruth Smith, Elsie person in dealing with such a boy is simply appaling. It reminds me of a simply appaling. It reminds me of a pastor preaching a sermon appropriate for the rally. Phillather and Fluor and Phillis Baker.

The next meeting will be in charge of Mrs. John McFadden, Mrs. Hoy, Mrs. Arthur McFadden and Miss Sarah Gowdy.

### BAKED ICE CREAM LAST NIGHT FEEDS MINDS AND BODIES

Miss Peet Delighted With Audience-Last Session of Register's Cooking School Tomorrow-Has

Been An Educational Treat

Elks Hall last night, to see Miss Peet perform the unusual feat of baking ice cream, were not disappointed. She actually did put ice cream into the expected to understand such things, but anyway, "seeing's believ-

deating around there this week, are aggrieved because there is not a cook classes yesterday. Many Santa Ana men are wearing smiles of ententment as a result of all the new dishes they are getting at home since

Miss Peet had the husbands specially in mind this afternoon when she nade bread and rolls. "Some men folks," she said, "like good cake, but ALL, the men folks like good bread. No matter what else you give them and the woman who can and does make good ome-made bread has few domestic troubles.

rolls. Oh, they'll be sure to turn out right if you follow directions exactly."

The planked steak too, was a dish particularly designed to make a man's mouth water. The women of Miss Peet's audience were delighted with it for more than one reason. It is a complete dinner in itself, and not only may be prepared in a short time, but is an economical dinner as well. Then its appearance would bring joy to the heart of any woman with an artistic sense. Miss Peet's cooking school audiences are more and more pleased with everything pertaining to the Register's school. The great lift Miss Peet has given them with their household burdens, the delicious food she has not only given them, but has painstakingly shown them how to pre-pare, the dainty ways in which these foods have been served, all these have combined to make the cooking school a great success

DETAILS OF TOMORROW'S PROGRAM

Timbales and Rosettes

The menu for tomorrow's program is as follows: Fried Oysters Fried Fish and Chops Doughnuts

It would seem that Miss Peet has undertaken a hard task in attempting to make an interesting demonstration of such a simple menu, but it is just this faculty of doing the plainer branches of cooking in the better than ordinary manner, surrounding the simplest foods with the brightness of originality, that has won her audiences so completely. Many people think that the frying of oysters for instance, requires no skill or particular thought, but Miss Peet is able to make a fried oyster fairly sparkle with interest. "Back to the first principles of cookery" is Miss Peet's slogan. "Let's master the simple things first, and then the fancier branches of cookery are easier. I have tried to teach both the plain and fancy branches of cookery to my classes here. I, myself, have learned something each day and I think I have never talked before more appreciative audiences. I believe the crowd this afternoon will break the record both because it is one of the most interesting programs and because women have asked more questions about frying than almost anything else. I am heartily sorry that Friday is the last day.'

C. S. Kendall, Prop.

Two tablespoonfuls Crisco, one cupful diced cheese, one teaspoonful corn starch, six tablespoonfuls milk, one teaspoonful salt, one can pimentos, paprika to taste, Graham bread. Put cheese into double boiler, add Crisco, corn starch, milk, salt, and paprika to taste and stir and cook until smooth, then add pimentos cut in-to small pieces. Spread between but-tered slices of Graham bread. Sufficient for twenty-five sandwiches.

HUDSON SANDWICHES

Two tablespoonfuls Crisco, one-half pound cooked meat, six stoned olives, one teaspoonful capers, two hardcooked eggs, salt and pepper to taste crisp lettuce leaves, twelve picked shrimps, parsley, brown bread.

Put through food chopper cooked meat, olives, capers, and yolks of hard cooked eggs, then add Crisco and seasoning. Spread mixture on slices of buttered brown bread, and stamp them out with a round cutter; sprinkle surfaces of sandwiches with chopped whitse of eggs. Dish up in circular fashion. Put lettuce in center with shrimps and a few sprigs of parsley. This sandwich quite repays the trouble of making. Sufficient for twenty sandwiches.

Go and see Miss Florence M. Peet's Cooking School at Elks' Hall every afternoon, 2 to 4 p.m., Monday, to Friday, April 6-10, inclusive, and see the demonstration of

# Electrical Appliances

loaned by The Southern California Edison Co. This is the greatest demonstration ever shown in Santa Ana. Everybody invited. No orders for electrical appliances will be taken at these demonstrations. But the same may be purchased at

The Southern California Edison Office, 411 N. Main St., Santa Ana

THE EL PERCO AND EL TOSTO ON SALE AT GREATLY REDUCED PRICES FOR THE NEXT FEW DAYS.

Two tablespoonfuls melted Crisco. one dozen sardines, one tablespoonful whipped cream, one tomato, salt, pepper and paprika to taste, lettuce eaves, sliges of brown or white bread. Bone and skin the sardines, then rub through sieve, add cream, Crisco, pulp of tomato and seasonings and mix well. Spread mixture between slices of brown or white bread and butter, stamp out in rounds, in center of each round force a row of whippe I cream seasoned with salt and red pepper, place small tamped out leaves round the cream .Sufficient for twelve

FOR SALAD GREENS Wash lettuce and put in a bowl

large enough for the lettuce to fluff up. Cover the bowl and put in the ice box. This will keep the lettuce crisp and fresh for days and it is all ready for use at a moment's notice. The same plan can be used for parsley and celery. Onions can be placed in a fruit jar after being washed and the rubber and cover placed on the jar; this will make the onions crisp and tender and they can be kept in the icebox without odor.

#### Here Are Some of Miss Peet's Popular Recipes

SALMON MOLD

One can salmon, two tablespoonfuls Crisco, half cupful rolled crackers, three eggs, one tablespoonful Worces-tershire sauce. Salt and pepper to

Sauce

One tablespoonful Crisco, one tablespoonful flour, one egg, one cupful milk, salt and pepper to taste, parsley. For the Mold. Remove oil, skin and bone from the salmon. Rub salmon smooth, add eggs well beaten, crackers, and seasonings. Turn into a Criscoed mold, and steam for one

Turn out and serve with sauce. For Sauce. Blend Crisco and flour in a saucepan over fire, add milk and stir and boil for five minutes. Add egg well beaten, and seasonings, pour at once over salmon. Garnish with parsley.
Sufficient for one small loaf.

HOT CROSS BUNS
Quarter cupful sugar, three tablespoonfuls Crisco, one tablespoonful salt, three-quarters teaspoonful powdered cinnamon, one teaspoonful powdered ginger, one egg, half yeast cake, flour, quarter cupful chopped candied citron peel, half cupful seeded raisins, one cupful scalded milk, quarter cupful lukewarm water.

Add Crisco, sugar, and salt to milk; when lukewarm, add yeast cake dissolved in water, spices, egg well beaten, and sufficient flour to make a stiff dough. Mix well, add raisins and peel, cover and let rise over night. In morning divide into pieces and form into neat buns; place in Criscoed pan one inch apart, let rise, brush over with milk or beaten egg, and bake in moderately hot oven twenty-five min-utes. Cool, and with ornamental frosting make a cross on each bun. The cross may be made by placing strips of paste on buns before they are baked. Sufficient for twenty buns.

#### CARAMEL CAKE

(For Cake) One and one-quarter cupfuls sifted sugar, two eggs, half cupful Crisco, one cupful cold water, three cupfuls flour, two tablespoonfuls baking powder, one teaspoonful vanilla extract, half cupful granulated sugar, half tea-spoonful salt, quarter cupful boiling

For Filling One teaspoonful Crisco, one ounce chocolate, one teaspoonful vanilla extract, half cupful hot water, half cupful brown sugar, half cupful granulat-

l sugar, pinch sait. For Cake. Put granulated sugar inbrown, remove from fire, add boiling water, stir quickly, return to stove, and stir until thick syrup; set aside to cool. Beat Crisco and sugar to a cream, add eggs well beaten, flour, baking powder, salt, vanilla, three tablespoonfuls of the syrup and water. Mix and beat two minutes, then divide into two Criscoed and floured layer tins and bake in moderate oven twenty minutes.

For Filling. Melt granulated sugar in small pan and stir until it becomes a light brown syrup, add the water gradually, then brown sugar, Crisco, salt, and chocclate, stirring all the time. Cook until it forms a soft ball when tried in cold water, or 240 degrees F. Remove from fire, add vanilla, beat until creamy, then spread be-tween cakes. Sufficient for one layer

PEACH DELIGHTS

One quart flour, three teaspoonfuls baking powder, two tablespoonfuls sugar, one-half cupful Crisco, one-half teaspoonful salt, milk, one egg, one teaspoonful lemon extract, peaches, fresh or canned, whipped cream.

Sift, flour, sait, sugar, and baking powder together, then rub Crisco lightly into them with finger tips; add lemon extract and enough milk to make soft dough. Drop mixture into Criscoed gem pans; place one-half peach on each one; fill cavities with sugar and bake in hot oven twentyfive minutes. Serve with whipped and sweetened cream. Sufficient for twen-

Rumor of Another Series Between Athletic Club Stars and Bankers

### JAUNTS TAKEN BY

Tournament Notes

The All Star indoor baseball aggregation defeated the Bankers in a fivegame series for the Athletic Club
championship, 3 to 2, the first game
being played last week, much enthubeing played last week, much enthusiasm was displayed during the games and the way the Bankers started out by winning two straight by the way they are hitting the way fall considerably. But with the development of the fast All Star battery, Patton and Galbraith, they soon tery, Patton and Galbraith, they soon to be at all difficult. Just remember to the fast All Star battery, Patton and Galbraith, they soon to be at all difficult.

tend challenging the All Stars for another series, and should this mature it would provide a great deal of fun for all concerned. The only grudge that the Bankers claim is that they ALLEN KEEPS HIS did not get a chance to buy off the umpire, who, they claim, was partial to the All Stars. Several of the players who persisted in fanning the air wish to amend the rules so that a larger bat may be used, or else in crease the size of the ball. Rutherford suggested that they use a mush

Leaving Santa Ana in the early morning hours over the Santa Fe the Boys Hiking Club made a journey to San Juan, from which place they displayed their walking prowess in a trip along the beach sands to Balbaa. Upon reaching San Juan several nambers of the bunch decided that a little sleep was more appropriate than a walk in the absence of sunshine. So they repaired to they find a walk in the absence of sunshine So they repaired to the points each. Friday night's score was 600 to 348.

Allen won all three blocks of 200 members of the rost of the night. The remaining form. Allen made high runs of 57 and members of the early more than a walk in the early might at Kansas City man retains his title of the rice, will be drawn thing school.

\$100,000 to send an American athletic and cry, set about to raise 'steen thou team to the 1915 Olympics at Berlin sand dollars to spend on manufacturwell under way, old Uncle Sam bids fair to walk off with another international field and track victory, despite the frantic efforts of England, France, Germany and Sweden to head us off.

It will be remembered that immediately and the spend of manufacturing at the British in a chance to roar. Those bally Britishers were going to start whang off the bat and develop a bunch of athletes who were ready to garner all the 1915 Olympic medals, honors, records and ribbons in sight. But already according to spend on manufacturing and toolars to spend on manufacturing and toolars to spend on manufacturing and toolars to spend on manufacturing at the British is a team that would give the British is a team that would g ready, according to reports from the land that has just been startled from tea-drinking habits by an exhibition of Yankee baseball which also shook the crown from and a derby hat onto King George's royal pate, the Englanders have begun to stall.

The wild enthusiasm which amateur field and track lovers of England and

Good-bye sore feet, burning feet, swol-n feet, sweaty feet, smelling feet, tired months following the Stockholm games has simmered down until it's the colonies stirred up in the first few raw spots. No more shoe tightcricket game rolled by. When it came time to collect passable coin of the realm and actually spend it on hiring limping with pain or drawing up your face in agony. "TIZ" is magical, acts right off. "TIZ" draws out all the poisonous exudations which puff up the feet. Use "TIZ" and forget your foot misery. Ah! how comfortable your feet feel. Get a 25 cent box of "TIZ" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A

ferent. Those temperamental French-men started right off the bat to do the

Work very much similar to that beng done in France, is today going on n Germany and Sweden. The German government is showing every encouragement, both financial and moral, to those that are developing athletes for the Berlin games, and in Sweden they are using that stadium they built for the last Olympic as a practice ground for developing the Swedish team. But they have started too late for the 1915 games. The United States has too much of a lead. Witness the recent amateur indoor championships

held at Madison Square Garden, where held at Madison Square Garden, where three records were smashed and several more were equalled. And be it remembered that some dozen or more "record" men whose homes are in the West and Middle West, were not among those present, and who can be counted on for points in 1915.

Even at that, however, it will never do to sit back and count the chicks just yet. That \$100,000 isn't all subscribed, and \$100,000 is a lot of money. Of course there are a lot of missionary societies who claim they need con-

places where money might be worse

Many moons back we had some spicy remarks to make on the cheese gentleman" he can hardly be classed as an amateur—at least it's nearly that bad. And so England appears to be back in the same old rut.

In France it has been it. In France it has been slightly dif-erent. Those temperamental French-snatchers as are now plying their tan-In France it has been slightly different. Those temperamental Frenchmen started right off the bat to do the same real work, and if France doesn't show up a whole lot better in 1915 it will be strange. The reports of America's Stockholm victory were not cold on the wires until the Frenchmen, backed by the government, had gathered in a great bunch of saekels—or francs—and they started in to spend the money in the right way. They established a government "college of athletes," at Rheims, and they hired some real athletic trainers—from America. The French government appropriated about \$50,000 to the "college of athletes." They even went further. Any man, officer or englisted man, in the army, who but shows promise of developing into an athlete, is "ordered" to take up his studies at Rhiems. The work is going on there now in stern earnestness, and if not in 1915, then at the next Olympics, France is bound to be heard from.

Work very much similar to that bethe old fighter, was the money, so long as he had enough to keep the wolf from the door and buy for his

followers. Of course, this thrift business is great stuff. Far be it us to knock the habit of saving, but pray, also deliver us from the cheese champ who tangoes instead of fights, and doesn't care a hang for the public, so long as the purses are big.

Hurt in a Fall

Fullerton Tribune: Charles Caruthers, employed at the Birch oil wells, was brought to the Fullerton Hospital Monday evening suffering from severe injuries received in a fall from a wagon. Caruthers was driving the company's team with a load of large oil well casings. These rolled on the wagon, unseating the driver, who fell to the ground, the wheels passing over him. He was brought to town in Seale's ambulance, and is at the Fullerton hospital in a serious condition.

Let the Modern Dry Cleaning Co. clean and press your summer clothing. Best work, prompt service, moderate charges. 519 North Main St. Both phones.

Another heavy shipment of Bermuda onions was received yesterday to \$2.00 in quantity sales and from that to \$2.10. Crystal white onions also declined, selling white onions also declined, selling how at \$2.40 to \$2.50. There are so few yellow onions left on the market that quotations have practically been stopped.

The price of pink beans was advanced yesterday to \$4.96, owing to the scarcity of this particular variety which is about cleaned up as far as local holders are concerned. Other beans are all steady and moving well. A few more shipments of Michigan beans are looked for in order to help supply the demand for a small white dry bean.

Local peas sold at 5 cents and were in very good demand at that

# HAS A REAL

Plays L. A. All-Stars Saturday With Veteran F. Mallett in the Box

Some real ball playing has been put up by the Garden Grove team so far this season. There are a number of big leaguers with the aggregation, and they do a lot toward making the

team a speedy one.
This coming Saturday, at 2 o'clock,
Garden Grove meets the Los Angeles
All-Stars. The rivalry between these
two teams is great. The old veteran,
Fred Mallett, will be in the box for
the Grovers and if he shows only half of his old time class he will make the Angel City nine sit upand take a great deal of notice. The line-up for Garden Grove: Fred Mallett, p; R. A. Mott, 1b; Roy Head, 2b; Eddie Corbin, 3b; Clair Head, ss; Mike Kelly, c; Smiley Fulsom, If; J. Crill, cf; Toby Oertly,

To Our Friends and Patrons
On or about April 15, we will have installed a complete and up-to-date recharging plant, and have secured the services of an expert electrician. who will promptly and efficiently take care of all your magneto and coil work. Chalmers 1915 "Light Six" Arrived Today

### Our 1915 Demonstrating Car Is Here

E beg to announce the arrival of a new Chalmers model-the 1915 "Light Six." In this new Master "Six" we offer you the latest, and we believe, in

many respects, the greatest product of the Chalmers factory. -Here is the most truly sensational "Six" on the market, the car for which thousands have waited.

-This 1915 Master "Light Six" offers you for the first time the luxury, smoothness and flexibility of the high-powered "Six" at the low initial cost and with the upkeep economy of any com-

-This new "Light Six" gives us a complete line of the famous Chalmers cars-the Master "Light Six" at \$1950 and the larger Master "Six" at \$2325. There is now a Chalmers "Six" to suit your every requirement, and we stand ready to prove that, in their classes, these two great cars cannot be equaled within \$500

#### No Reason for Buying Fours Now

-With the appearance of the Chalmers 1915 Master "Light Six," the last reason for driving a "four" has disappeared. For in this 1915 model the Chalmers Company has answered the last arguments of the four-cylinder builders-those of price and econ-

-In all the qualities of mechanical smoothness, endurance, silence, flexibility, and good looks, the 1915 "Light Six" is like the larger Master "Six" at \$2325.

-It has the same T-head, long stroke motor! the same silent one-motion Chalmers-Entz electric starter which makes the motor non-stallable: the same wonderful flexibility which has earned for Chalmers "Sixes" the title of "one speed" cars. It is a real manufactured car-built complete in Chalmers shops. -But the Master "Light Six" is built expressly for those who

want a car of low initial cost and economy of maintenance. -This new "Light Six" is slightly smaller than the Master "Six." That means lower cost and makes possible the astonishingly low price of \$1950.

#### Light for Economy; Heavy **Enough for Service**

-The Master Light "Six" is a lighter car, but not a little car. It is light enough to be easy on tires, economical of fuel and easy to handle. Yet it is not flimsy. It is built heavy enough to assure safety in any emergency and comfort on any road. Don't make the mistake of buying too light a car-for any apparent saving in first cost, gained through skimping, is more than offset by the costly repairs which result from too light construction. Medium weight is right weight. The extra gasoline used by a medium weight car as compared with a very light car won't amount to \$25 in 10,000 miles. And \$25 won't buy many repairs for a car so flimsy that it shakes itself to pieces in ordinary

-The 1915 "Light Six," like all Chalmers cars, is built to give satisfactory service through many seasons.

-This latest Chalmers has a slightly smaller motor than the Master "Six." Yet it develops up to 50 horsepower, giving all the speed and all the power you will ever want in a car of this size. No car of equal motor and car size will show greater

#### High-Priced Features; Low Cost

-Though the price of the 1915 Master "Light Six" is only \$1950 it has all the features of high-priced cars. Such, for instance, as: 6-cylinder en bloc motor with small bore and long stroke; cork insert disc clutch; left drive and center control; interlocking transmission gears which can't slip or be accidentally shifted; combination splash and direct oiling; cellular radiator; diamond-hard Tungsten steel valves; exclusive Chalmers design modeled oval fenders; underslung Vanadium springs; non-stallable motor; Chalmers-Entz electric starter; tires carried at rear, giving absolutely clear running boards; the newest design streamline body with flush fitting doors; electric lights and horn. In a word, every feature of advanced construction and equipment which most cars in the \$2000 class will not have for

#### A Year Ahead of Others

-These are a few of the reasons why experts have declared this 1915 Chalmers "Light Six" the last word in medium priced 6cylinder construction; why we claim you will find no car in the same class within \$500 of the price to equal the 1915 Master

-The other reasons why the Master "Light Six" is one year ahead of all other cars in its class, we'll be glad to show you in the Chalmers Standard Road Test. We are now arranging demonstrations, and can make prompt delivery if you place your order as soon as the 1915 "Light Six" has convinced you. At least do yourself the justice of a thorough inspection of the one "Light Six" which is a year ahead of all others.

### A Potpouri of News and Views

From the Los Angeles Financial News

#### Uncle Sam and German Oil Trust

The Government of the United States has taken a hand in legislation in Germany by presenting, through its ambassador in Berlin, a protest against the petroleum monopoly bill recently introduced in the Imperial Parliament of Germany. This protest expressed the confident expectation of the United States Government that certain injustices toward American investors contained in the monopoly bill in its present form will disappear before enactment. The United States, it points out, has no wish either to intervene against Germany's establishment of an oil monopoly nor to interfere with any price arrangement between the Standard Oil Company and the German Government, should such be under consideration. It expects, however, that American citizens who have invested capital in German enterprises-for instance, the Standard Oil Company's German subsidiary concern-will be fully and fairly compensated for all investments canceled by the

Debate upon the bill has been postponed until April 8 and it is likely that a further postponement will be made. Two Berlin papers, the Vossische Zeitung and the Borsen Zeitung, express surprise that the protest has been raised at this late date, after the deliberations of the preceding months. The Boer-

There has been no doubt from the first that the influence of the Standard Oil Company would prevail with the United States Government, which is now attempting to prevent Germany from protecting effectively its economic interests. The United States. while warring sharply against the trusts at home, is unwilling to allow Germany to protect herself against the ruthless campaign of the Standard Oil Company. We hope that the German Government will leave nothing lacking in bluntness and energy in its reply to the United States, and that it will maintain its rights to settle its economic questions in its own

#### With the Railroad Commission

The Southern California Edison Company and the Downey Light, Power and Water Company have joined in an application to the Railroad Commission asking authority to transfer the Downey Company to the Southern California Edison Company for \$50,-938.30. The Downey Light and Power Company has operated at Downey, Los Angeles County, and secured its electricity from the Edison Company. The application states that if the transfer is authorized. it will permit the construction of new facilities and make available better service.

The Southern California Edison Company has also filed with the commission an application asking authority to sell 30,000 shares of its common stock at the par value of \$100 a share. If the issue is authorized the proceeds will be used to pay the cost of extensions, for reimbursing the applicant's treasury and for the acquisition of property to improve the facilities of the corporation. The petition sets forth the approximate expenditure for 1914 of \$3,500,000 for extensions and additions to the plant. The commission is asked to authorize the sale of stock at 821/2 under contract with an underwriting syndicate.

#### Must Sue Standard Oil

Attorney General Hogan of Ohio, who announced that he would not institute ouster proceedings against the Standard Oil Company of Ohio on the allegation that it was being operated in violation of the Sherman act, as also an Ohio statute, his investigation being to the contrary, must now bring suit. In the Common Pleas Court in Columbus Judge Dillon granted an alternative writ ordering the Attorney General to institute proceedings to oust the Standard Oil Company and its subsidiaries, including the Imperial Oil Company of Canada, from doing business in Ohio. The case is set for hearing April 20.

Declare Earth Not Solid

Drillers who have penetrated the earth with drills at Oakdale, Pa., to a depth of \$6500 feet, almost 11/4 miles, discredit the statement credited to Professor Albert A. Michelson of Chicago that the earth is solid and more rigid than steel. The drillers in this deepest well ever drilled declare that their drills, made of specially hardened steel, can be used for only a few minutes at a time, as the point softens and flattens. When brought to the surface the drills are red hot. Therefore, they declare this is proof that the interior of the earth is hot and not at all rigid.

For Cheaper Postage
Business men of San Francisco have inaugurated

a campaign for 1 cent postage on all letters instead of 2 cents. They urge their friends to join the National One-Cent Letter Postage Association, Cleveland, Ohio, and to give active support to the propaganda, M. P. Lilienthal, secretary of the Anglo-California Trust Company, heads the movement in San Francisco.

Favor Municipal Ownership

Los Angeles Chamber of Commerce has gone on record, in a report of a special committee appointed to investigate the matter, as favoring municipal ownership of the power plants and recommended that the power bonds in the sum of \$6,500,000 be authorized by a vote of the people.

Railroad Retrenchment

Eastern and Southern railroads are cutting down expenses by curtailing the number of trains and reducing the force of employes, both in the traffic and mechanical departments. Several thousand men have been dropped from the rolls of the Pennsylvania system, 8000 on the Norfolk and Western and since December 6000 on the Erie. Retrenchment is also being made in improvements now under way.

Sugar Production

According to figures compiled by the International Institute of Agriculture at Rome, the total production of raw beet sugar for the season of 1913-14 in Russia, Roumania, Germany, Austria, Belgium, Denmark, France, Hungary, Italy, Netherlands, Switzerland and the United States amounted to 8,960,000 short tons, which is 2.03 per cent greater than the previous year. The final estimate of production of raw cane sugar the past season in India is 2,534,112 tons, or 87.6 per cent of the previous year's crop.

High Taxes and Living

Stuyvesant Fish, in a communication to the New York Times on the high cost of living, he says, to extravagant costs of Government, as a factor in the slackening of business, says in part.

"A great cause for the present slackening in business lies in the appreciation of those conducting business, big and little, of what an awful amount of taxes they are directly paying. Precisely as land-lords pass their taxes on to their tenants by raising rents, so business men pass theirs on to customers by raising prices. The following table shows the burden of taxes borne by the average man, woman and child in the city of New York in 1893 and 1913:

Total ...... \$27.09 \$40.37 \$13.28 49.02 From the foregoing it will be seen that in the year 1913 the average head of a family of five in this city had added to its cost of living, for the privilege of being governed, \$201.85, which is rather more than 67 cents for each one of the 300 working days in the year. Nor is this the full measure of the evil, for, through what Governor Glynn justly denominates 'a prodigality in expenditures, a recklessness in appropriations, we had in those twenty years the following increase in the public debt:

 1893
 1913
 Increase

 Federal
 \$ 585,037,100
 \$ 965,706,610
 \$ 380,669,510

 State
 763,160
 109,702,660
 108,939,500

 City
 98,758,764
 1,122,390,042
 1,023,931,278

Total .....\$ 684,550,024 \$2,198,099,112 \$1,513,540,288 "Is it not, therefore, high time that we should now begin the slow process of educating the whole people to an appreciation of the awful waste which is going on in Government—Federal, State and municiple—and of how it enhances the cost of living? Should we not do this before the excess of taxation shall have destroyed business, and brought on another dreary period of general depression."

#### About Your Telephone

The American Telephone and Telegraph Company and associated companies, the Bell system, have been running a series of advertisements in the magazines that are not only unique, but are of a character that attract instant attention when the page containing it is reached; besides, it tells a story in brief that, while filled with figures, is unusually interesting. This advertisement details the unseen forces behind your telephone. Here are some of th facts which are presented in this unusually readable advertisement: The cost of the materials unassembled is only 45 per cent of the cost of construction of a telephone plant. In its system there are 12,480,000 poles used-enough to build a stockade around the State of Californiaand worth in the lumber yard about \$40,000,000. Carried on these poles are 15,460,000 miles of wire, enough to girdle the earth 621 times, and worth \$100,-000,000, and attached to these wires are 8,000,000 telephones, enough to string around Lake Erie, while the number of people employed by this one telephone system is 150,000, which number is greater than the entire population of Wyoming.

Compensation Law Too Drastic That the Workingman's Compensation law is too

drastic and is keeping capital out of California, is the view of Lewis H. Eddy, associate editor of the New York Engineering and Mining World, who is a Los Angeles visitor. He is so quoted in an interview and continues thus:

"Money which has been diverted from California by the unwise legislation is going into Alaska. The announcement that a Federal railroad would be built there has attracted an immense amount of capital. It is unfortunate for California that any law should make investors timid right at the time when Alaska is making a strong bid for the attention of investors. A large number of mine properties are lying idle in the State, which probably would be in operation if capital had not been scared out. I take the view that the situation will be relieved by an application of the law that will not work a hardship on mine owners. In spite of the situation, the mine output in the State will be tremendous this year. Interesting features of the mining situation at this time are the increased use of electrical power and the advancemnt made in

Must Pay Big Fee

The General Electric Company of New York, says a Helena, Mont., dispatch, will be obliged to pay a fee of \$10,322 if it transacts business in the State of Montana, according to a ruling of the State Supreme Court. The General Electric applied to the Supreme Court for a writ of mandate to compel the Secretary of State to accept a proferred fee of \$13 for recording the company's papers there, holding that the provision of the State law under which the State fixed the fee is invalid, as it imposes a tax on property outside the jurisdiction of the State. The court holds the fee demanded is not a property tax at all, pointing out it is graduated according to the par value of the company's capital stock without reference to the full cash value of the property owned by the corporation. It holds the fee demanded is a license tax "exacted of every corporation, domestic as well as foreign, engaged in interstate business, for the privilege of doing business within the State."

#### Modifies an Order

The State Railroad Commission has rendered a decision in which it modifies its former order made on the application of the Los Angeles Gas and Electric Corporation to issue \$900,000 in bonds. The original order required that the bonds net not less than 941/8 on the first \$250,000 and not less than 94% on the remaining bonds. The sum of \$400,000 of the amount authorized has been disposed of. The modification permits the company to sell the balance at not less than 92 plus accrued interest.

Oil Magnate Meets Death

In an automobile accident near Taft Monday night, Washington D. Head of Los Angeles, president of the W. D. Head Drilling Company and a director of the Wilke-Head Oil Companp, was killed instantly. The machine in which he was riding ran into a washout and was hurled down an embankment, pinning the unfortunate man beneath it, causing instant death. His assistant, Thomas Dell, who was driving the machine, was seriously hurt.

Pertaining to Banks
The Portugese-American Bank, San Francisco, has applied for authority to operate a branch commercial and savings bank in Oakland.

An application from the Placer County Bank, Auburn. Placer County, to establish a branch at Newcastle, Placer County, has been refused.

NOTICE TO CONTRACTORS

Sealed bids for the improvement of Section 1, Newport Beach and Newport Avenue roads will be received by the Board of Supervisors of the County of Orange, State of California, up to 2 o'clock p. m. of the 14th day of April. 1914, at their office in Santa Ana, to be there publicly opened and read.

The work to be done in accordance with the profiles, plans and specifications adopted by the Board of Supervisors and on file in the office of said Board, and in the office of the County Highway Commission.

in the office of the County Highway Commission.

Copies of plans, profiles and specifications and also blank forms suitable for use in bidding on said work may be obtained in the office of said Highway Commission, and no bid will be considered which is not in accordance with the form herein referred to.

Each bid must be accompanied by a certified check in the amount of five (5) per cent of the total of the bid, made payable to the County of Orange, as a guarantee that the bidder, if awarded the contract, will enter into a contract for the performance thereof satisfactory to said Board of Supervisors. And in addition thereto, the successful bidder will be required to file a bond in the sum of twenty-five (25) per cent of the amount of the contract, with sureties satisfactory to said Board, as a guarantee of faithful performance of the contract, and a further bond in the sum of fifty (50) per cent of the amount of the contract, with acceptable sureties, to secure the payment of laborers, materialmen, etc.

The Board of Supervisors reserves the

men, etc.

The Board of Supervisors reserves the right to reject any and all bids not deemed advantageous to the county. By order of the Board of Supervisors of the County of Orange, State of California, made this 31st day of March, 1914. (Seal)

W. B. WILLIAMS, County Clerk and Ex-officio Clerk of the Board of Supervisors. NOTICE TO CREDITORS

### "Faultless" Houdans

This strain has been egg-bred from trapnest records since April, 1890. I have bred them 21 years for great lay-ers and 12 years for large size chalkwhite eggs; these fowls are extreme y hardy, have neither comb nor wat-le to freeze, and are the best of all le to freeze, and are the best of all winter layers in open front coops. Faultless strain Houdans have won every blue ribbon at New York, Boston, Chicago and Philadelphia shows for past six years; eggs and stock sold on honor; send 10c for the largest illustrated poultry catalogue ever is sued; it tells you how to breed these fowls, which average 250 eggs a year apiece; it tells you how to net \$3,000 a year from 100 hens. E. F. MacAVOY, receptary Houdan Club, Cambridge, No. 24

### SAV MATEO POOLS FILLED WITH SAND A DISAPPOINTMENT

While Fishing There is not what It Used to Be, Trip

Four Orange county athletes Swift Water Wagons Entered by a writer on the Los Antique by Balboa Men Expected

The storms of the winter played a dirty trick on the anglers who like to take the hard trip over the ridge into the upper part of the San Mateo canyon. In previous years there have been lots of fine trout taken out of a number of deep pools in that portion of the stream. The storms brought down a lot of sand, and the pools are filled up.

Of course, there is fishing to be had.

of course, there is fishing to be had at any point along the stream; but there is nothing like the easy angling there used to be. A fellow could slip along from one deep granite lined pool to another, and it he had any kind of luck at all he was certain to get some of the kind of trout that one reads about.

George Spangler was one of a party High. for a couple of days of fishing. From an angler's point of view the trip was no great success, though a goodly number of speckled beauties were hooked. That is, the fishermen failed to get anything like what the hard trip ought to entitle them to. Another heavy storm might free the

To get to the upper San Mateo, one may drive by wagon to a point two or house, which lies just over the top of the serrated ridge seen to the east when one is driving up San Juan Hot Springs canvon. The road turns of to the right from the San Juan at a point a mile or so above the corrals, and crosses the Covina. From beyond Carrillo's mountain ranch, an exceedingly rough trail drops down into the

stream as is to be found in this section of the country. There are plenty fold.

Strengthens Weak and Tired Women Twis under a great strain nursing a relative through three months' sickness," writes Mrs. J. C. Van De Sande, of Kirkhand, Ill., and "Electric Bitters kept me from breaking down. I will never be without it." Do you feel tired and worn out? No appetite and food won't digest? It isn't the spring weather. You need Electric Bitters. Start a month's treatment today; nothing better for stomach, liver and kidneys. The great spring tonic. Relief or money back. 50c and \$1.00 st wave druggist. Advertisement.

### COLLINS' MOTORS FOR SATURDAY'S SAN PEDRO RACES

Those Who Like a Real Rough

Trail Will Find it Rough

Enough

The 220-yard dash—Wark,

Leng Beach.

In Management of Anaheim, for the standard dash—Douglas, and Lee H. Collins of Balboa wil be in the motor boat races at San Pedro harbor next Saturday. The "W. S.," a sixty horse-power twenty-foot hydroplane will be the "dark horse" in the main event of the afternoon, the arbitrary handicap. The W. S. has shown thirty-five miles an hour on Newport Bay, the power raced with The 440-yard Anaheim.

Half mile—Beebe, Manual it is said. She the San Pedro boats. The Common the San Pedro boats. The common the San Pedro boats. The other entered her officially as a twenty-eight mile boat. The other entrant palboa is a new 100 horse-power by the fifty-five foot cruiser, owned by the beach men. Her speed also is unknown. Both boats will fly the S. C.

There is a great deal of interest in official program, which was issued Monday The veterans, Fellows, Voor-hauer, Bill Ruess, Garbutt and the two new racing skippers are bound to attract a big crowd of enthusiasts to the twelve-mile course from Wilmington to the harbor entrance. The motor boat racing is part of a big pro-gram that has been arranged in honor of the American-Hawaiian S. S. C., which begins soon to make San Pedro

# **End All That**

Stop All That Awful Itching and Burning Instantly by Using This Remarkable Ckin Remedy - ZEMO.

#### Automobile **Fires**

Do not attempt to put out an automobile fire with water, sand or a dry powder fire extinguisher. These extinguishing elements are ineffective except on the smallest, most accessible fires, and even in these cases the re-sulting damage is often very great to the engine, uphols tery and varnished sur-

faces of your car.
Every motor car
and garage should be
protected by PYRENE Fire Extinguishers. A few shots of
PYRENE, even if directed
through the radiator, will put out the most stubborn fire—so quickly that it will surprise you. PYRENE has saved many a day's pleasure for motorists and has prevented the loss of thou-

# Just Received This Week, Another Carload of the Reliable

### The Most Suitable and Sound Investment for the Whole Family--Price \$1075

IGHT now thousands of families are daily depriving themselves of an endless chain of economical pleasures, comforts and benefits that could be theirs just as well as not. Get a big handsome Overland touring car into the very midst of your family, and you increase the pleasures and broaden the viewpoints of everyone in the house.

-Thousands could be enjoying a better life, a fuller life, and could be getting a whole lot more fun out of life if they had a spick and span brand-new Overland at their beck and call. Ever figure it out that way? Well it's time you did.

-Nearly 150,000 of the most substantial American families own Overlands. And every Overland owner is a loyal booster. Find the Overland owner in your neighborhood. Get his experienced opinion. Talk to him before you make your decision.

-He knows the difference.

-Taking everything into careful consideration, the Overland is the most practical all-year-around-family car on the market. It is not too large, nor is it bulky or cumbersome. On the other hand, it is not small, dinky or stunted-but just the right size for the full comfort, and the complete and everlasting enjoyment of every member of your home circle.

-It seats five large people with ease. No crowding, no jamming-just solid comfort all the time. Then-anyone can drive

an Overland-father, mother, daughter or son. There is practically nothing to learn.

-Soft, deeply tufted leather cushions and springs of exceptional elasticity allow you to take the roughest spots and hardest ruts without jerk, jolt or jar.

-It is a big thirty-five horsepower touring car which gives you all the speed and power you will ever want.

-The long wheel base, in addition to giving you ample leg room. also adds to the riding comfort.

-So do the large tires.

-And the price-

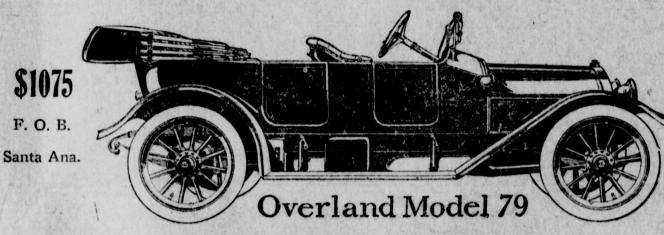

-Other cars of similar specifications cost a great deal more. How much? That varies. But in practically every case a careful comparison will prove to you that an Overland costs a full 30 per cent less than any other similar car made.

-In view of this can you afford to pay more for some other car that does not give you as much as you can get in the Overland?

-The Overland is outselling every other similar car made. This is a positive indication of how the buying public regards this car as against all others.

-Remember the cost is 30 per cent less.

-Spring is here. Get your family out of doors all you can.
